

Curriculum Planning and Implementation

Routine Committee:	Tutorial Ward:	Experiential Learning:	ICT Facilities:
<p>There is a core routine committee of the college College headed by the Vice-Principal with selected faculty members to design a routine to meet the academic demands and credit hour as per the new course curriculum. The committee offers flexibility to accommodate classes for add-on courses to meet the academic demands and credit hour as per the new course curriculum. The committee offers flexibility to accommodate classes for add-on courses.</p>	<p>The college facilitates with a tutorial ward to look after the challenges and academic needs of all the students so as to ensure a collective development of students by designing a pre-sessional test to identify the advanced and slow learners. As per the need the students are provided additional academic support in preparation for their university examination. The overall progress is meanwhile throughout monitored by the IQAC coordinator with support of the Principal.</p>	<p>The college is highly participative in experiential learning method to offer students with a wide array of exposure and experience for the true spirit of learning gained through experience.</p>	<p>The college facilitates with a tutorial ward to look after the challenges and academic needs of all the students so as to ensure a collective development of students by designing a pre-sessional test to identify the advanced and slow learners. The ICT facilities also are engaged to provide an interesting way of learning and experience through arrangement of quiz, seminar and presentations by students under the guidance of teachers. Special talks and other student oriented events are also organized utilizing ICT tools.</p>
